

# MINUTES

## Region 5 Children's Mental Health Subcommittee

*Date | time* 3/29/2017 10:00 AM | *Meeting called to order by* Kevin Sandau

### In Attendance

Lee Wilson, Kevin Sandau, JC Urie, Beth Citron, Inga Elkin, Judge Hodges (phone), Sally Bryan (notes)

### Approval of Minutes

Notes were approved.

### Program Updates

#### Jeff D. Update – Lee Wilson

- Regular meetings are being held.
- A model for Wrap Around has been recommended.
- We are still in the development stage.
- A new position will be opened in June in each Region – Program Specialist.

#### SUD's Update – Kevin Sandau

- A district plan is in place. Our district didn't hire a Program Manager (PM) this year in order to utilize funds for services. The budget was overspent. The district decided to hire the PM position as a part-time employee. Stephanie Phillips has been working with the 4th district and is assisting the 5th district.

#### Detention Update – Inga Elkin

- Numbers are low, which is good. ACE Trauma Screening was performed at a private school which brought on some negative feedback. A panel is being convened to try to explain the intentions of the school.
- Non secure holds policy was changed and it ended up making things more difficult for law enforcement. This policy is being looked at and will hopefully alleviate the difficulties.

#### TARC Update - JC Urie

- It has been busy. There is an increase in substance abuse and IV drug use. There are fewer but more severe cases.

#### Schools Update – Beth Citron

- The Prevention Conference is coming up in April in Blaine Co. All the Juvenile Judges in our region will be there.
- Some changes in moving grades around and finding space for a specialized school focusing on Math/Science and the Arts.

#### Adult Crisis Center Update – Lee Wilson

- The numbers are going up.
- They are working on how to be self-sustaining.

Anyone interested in sitting on this committee is welcome.

---
